Bcc: BPIP members list
Subject: BPIP: Invitation to join focus group for BPIP website developments

Dear BPIP colleagues

As discussed at the BPIP 49th meeting, Sheena has been developing our new BPIP website, and we are now looking for other BPIP members to form a focus group to provide user feedback and beta testing of the site.

Once the new website is near completion, we will ask the focus group for feedback on the content, features, functionality, navigation and usability. We are aiming to have the site ready for feedback by the end of January 2021, and would ask members of the focus group to spend an hour or so trialling the site and send comments back by email.

Before going live, there will be a beta-testing phase, when the focus group will have another opportunity to make sure that the website is working well. The plan is to have this phase of the development ready for March 2021, and again an hour or so should be sufficient for the testing and any comments to be shared by email.

Please consider this opportunity to help develop our group's online presence and resources, and contact any of us by email to volunteer for the focus group, ideally **before the Christmas break** (although later on will also be fine!) so that discussions can start to be scheduled for the New Year.

Many thanks in advance!

Regards

Sheena Zuberi
